IPS TSB PG TRAINING PROGRAMME 2024

Dear Colleagues,

On behalf of the Organizing Committee, we extend a warm welcome to all the Psychiatry Postgraduates of Telangana for 9th IPS Telangana State Branch PG Training Programme on **10th of March 2024 at Hotel Prathima Regency, Karimnagar.**

The Theme of the conference will be **“RESEARCH CAPACITY BUILDING FOR PSYCHIATRY RESIDENTS”**.

Eminent speakers are invited to share their experiences and help us venture into the unexplored and uncharted areas of psychiatry research, research protocols, paper presentations in conferences, journal submissions and agencies funding research in India and abroad. Universities are framing new guidelines for residents to make presentation and publication of papers mandatory during their PG tenure to create an idea and take up research as a career option in the future.

Off-late psychiatrists started noticing that Indian data is not actively published and lot of research data is left unpublished. Western data is being used to interpret Indian scenarios in our day-to-day practice. This PG CME helps as a stepping stone to encourage postgraduates regarding research and publishing Indian data.

Organizing Chairman
Dr. Kishan Porandla

Organizing Secretary
Dr. Sai Krishna Puli

Address for Correspondence.
