IPS TSB PG CPD 2024

Dear Colleagues,

On behalf of the Organizing Committee, we extend a warm welcome to all the Psychiatry Postgraduates of Telangana for 9th IPS Telangana State Branch PG CPD on **31st of March 2024 at Hotel Prathima Regency, Karimnagar.**

The Theme of the conference will be **“RESEARCH CAPACITY BUILDING FOR PSYCHIATRY RESIDENTS”.**

Eminent speakers are invited to share their experiences and help us venture into the unexplored and uncharted areas of psychiatry research, research protocols, paper presentations in conferences, journal submissions and agencies funding research in India and abroad. Universities are framing new guidelines for residents to make presentation and publication of papers mandatory during their PG tenure to create an idea and take up research as a career option in the future.

Off-late psychiatrists started noticing that Indian data is not actively published and lot of research data is left unpublished. Western data is being used to interpret Indian scenarios in our day-to-day practice. This PG CPD helps as a stepping stone to encourage postgraduates regarding research and publishing Indian data.

Organizing Chairman
Dr. P. Kishan

Organizing Secretary
Dr. Sai Krishna Puli

Address for Correspondence.

IPS TSB PG CPD 2024

Warm Greetings from Indian Psychiatry Society Telangana State Branch .

We would like to congratulate organizing committee lead by Dr. P. Kishan , Organising Chairperson (Professor and HOD of Psychiatry, Pratima Institute of Medical sciences) and Dr. P. Sai Krishna Organising Secretary, Professor of Psychiatry, Pratima Institute of Medical sciences for organizing 9th Telangana state PG CPD.

Your efforts in conducting a fruitful scientific session for the benefit of students are truly commendable. Your meticulous planning and execution in picking up topics tailored to suit the PGs needs, securing knowledgeable speakers and designing engaging interactive scientific sessions has undoubtedly enriched the minds of participating students, our future psychiatrists.

We also congratulate the students for participating enthusiastically in such programs in order to gain new perspectives and knowledge regarding psychiatry. It is heartening to witness the positive impact of research training sessions on the educational journey of our PGs from Telangana. The knowledge gained during this CPD will undoubtedly contribute significantly to their academic and professional growth. In future this will help in good quality research papers from our students. The data can be published in indexed journals like Telangana journal of Psychiatry.

We feel blessed to be associated with such programs which empower our young psychiatrists with more knowledge...

In closing, we extend our sincere appreciation to the organizing committee for their exceptional work.

Wish you all good luck and see you in IPS TSB PG CPD 2024.
